

1st MASTERING SCIENTIFIC & MEDICAL WRITING WORKSHOP

Date : 14th - 15th August 2008

Time : 8 am - 5 pm

Venue : Pusat Perubatan UKM

OBJECTIVE

The objective of this workshop is to help participants to prepare high quality articles for publication in medical journals. You will be taught on how to write the various types of scientific paper and how the manuscript is processed; the role of the editors and reviewers and what they look for and how to respond to their comments. In addition, there will be practical individual/group exercises on preparation of various types of manuscript. Upon completion of this workshop, participants will be able to master manuscript preparation and improve their chances of article acceptance by editorial boards.
