Title and Authors

The title (Helvetica[1] 16-point bold), authors' names (Helvetica 12-point-Bold) and affiliations (Times New Roman 10-point) run across the full width of the page. We also recommend e-mail addresses for all authors. See the top of this page for three addresses. If only one address is needed, center all address text. For two addresses, use two centered columns, and so on. If more than three authors, you may have to improvise.[2]

Subsequent Pages

For pages other than the first page, start at the top of the page, and continue in double-column format. The two columns on the last page should be as close to equal length as possible.
