

Tajuk buletin: Nutrition & Metabolism Refresher dan Nutrition, Metabolomics & Bioinformatics

Kategori: Persidangan/seminar/bengkel/kolokium/symposium

Peringkat: Lain-lain

Perincian hebahan:

1.Nutrition & Metabolism Refresher

Date : 10th-14th December 2012

(i) Focuses on the integration of nutrition, physiology, clinical investigations and the molecular and cellular biochemistry of human metabolism.

(ii) Areas of interest:

- ❖ Metabolic effects of diet composition, interactions of macronutrients, effect of nutrients on gene expression, metabolic control and compartment models, nutrition effects of hormones and genomic analysis of dietary phenomena

2. Nutrition, Metabolomics & Bioinformatics

Date : 10th-20th December 2012

(i) Includes a strong bioinformatics component using sophisticated multivariate analytical package geared for analysis of 'omics' data set

- ❖ Opportunity to experience American teaching in our lecture hall
- ❖ Special early bird rates (Only for submission before 30th October 2012)
- ❖ Registration fees inclusive of lunch, tea breaks and course materials

For more information, contact us.

Course Chair: Prof Dr Tilakavati Karupiah , Head Dietetics Program, PPSJK, FSK, UKM

Course Secretariat:

Mr Chuah Khun Aik (019-2145770)

Ms Sharmela Sahathevan (017-68733130)

Fax : 603-26947621
