TRAINING WORKSHOP ON THE DEVELOPMENT AND IMPLEMENTATION OF CLINICAL PATHWAYS

24th – 25th September 2012

United Nations University-International Institute for
Global Health (UNU-IIGH)

casemix SOLUTIONS

In collaboration with:

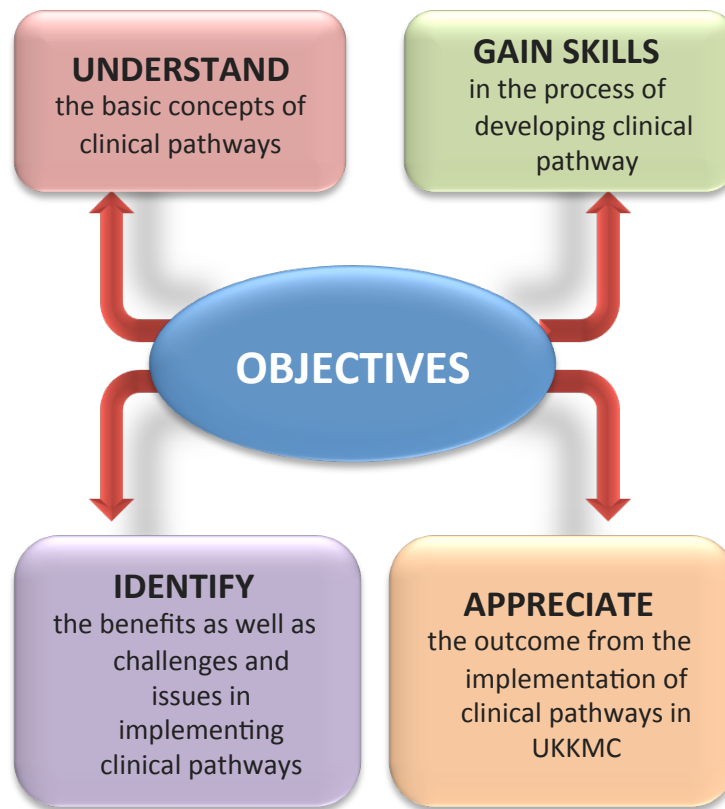

Introduction

Currently our healthcare is in transition, leaving many gaps for improvement. There is a significant rise in incidence of chronic diseases; emerging of new and resurgence of old diseases and reform of the health system itself. These lead to escalating pressure and add burden to health care providers, clinicians, health care managers and policy makers. Hitherto, new strategies, approaches and instruments have been implemented and the clinical pathway (CP) is emerging in popularity and significance. CP had been introduced in hospitals, clinics and institutions to overcome the issues of quality; while enhancing efficiency of care and controlling cost in the healthcare system.

Clinical pathways (CPs) are written protocols based on evidence-informed guidelines, which describe integrated care strategies for selected conditions and serve as a basis for budgeting case-based payments, guiding and educating healthcare professionals and monitoring the quality and cost of care.

This workshop will provide introduction to concepts of CP, its' development and evaluation in our health care industry. The strengths of CP implementations and usage in clinical care will be emphasized to demonstrate its' relevance to quality and also for cost containment measures in the industry.

Program

DAY 1

24th September 2012 (Monday)

8.00 - 8.30	Registration
8.30 - 8.45	Welcome Remarks
8.45 - 9.45	Introduction to Clinical Pathway
10.00 - 10.15	Tea break
10.15 - 11.15	Development of Clinical Pathway
11.15 - 13.15	Group Work 1
13.15 - 14.00	Break
14.00 - 15.00	Data Collection, Analysis and Variance of Clinical Pathway
15.00 - 16.00	Costing in Clinical Pathway
16.00 - 17.00	Group Work 2
17.00 - 17.30	Tea break

DAY 2

25th September 2012 (Tuesday)

08.00 - 10.00	Group Presentation
10.00 - 10.30	Tea break
10.30 - 11.30	Implementation of Clinical Pathways in UKMMC
11.30 - 12.30	Clinical Pathway of Cancer Diseases
12.30 - 14.00	Break
14.00 - 15.00	Monitoring and Evaluation of Clinical Pathway
15.00 - 16.00	Casemix and Clinical Pathway
16.00 - 16.30	Open Discussion and Concluding Remarks
16.30 - 17.00	Tea break
